"I have had the privilege of engaging with Denise and The Learning Edge as a training partner for several years, and the experience has been transformative for both individuals and teams within our organization. Their commitment to our growth is evident in their responsive and supportive approach. They are not just facilitators; they truly want to be part of our journey of development. We are grateful to have them on this path toward continuous improvement and success. The solutions we have explored include Everything DiSC, Connections Leadership Journey®, and team building."
