A Two-Day Event with The Learning Edge

Combining Two of Our Coveted Leadership Solutions

For more than 30 years Everything DiSC® Workplace has been our clients' #1 choice to build better relationships in the workplace. It is the foundation of all our leadership and teambuilding solutions. To build on the Everything DiSC® Workplace insights, we chose to include a customized leadership assessment in our Emerging Leader solution. The assessment focuses on 5 leadership practices identifying what the new leader's strengths are in each of the 5 practices. An Action Plan is created so the Leader can focus on developing in all of the leadership practices. The two solutions combined create a very engaging experience leaving the Leader with confidence, practical tools and a positive mindset about how they are currently contributing as a Leader.

Revitalizing Workplace Cultures

Day 1: Everything DiSC® Workplace on Catalyst™

Spark meaningful culture change by empowering people to engage, connect and thrive.

The **Everything DiSC® Workplace on Catalyst™ Solution** helps build better relationships one relationship at a time. The Workplace solution is the recommended base DiSC® experience as the profile can be used with everyone in an organization, regardless of title or role, to improve the quality of the workplace and introduce the language of DiSC®. Participants learn to understand and appreciate the styles of the people they work with. The result is more effective and productive working relationships.

Organizations use the Everything DiSC® Workplace on Catalyst™ solution to help employees understand the DiSC® model of human behavior – “why people do what they do”. Each of us has developed a distinct way of thinking, feeling and acting – this becomes our behavioral style.

“This course will build on both work and home life!”
